Why Your Child Needs Our Summer Program

Research proves that children who don't exercise their minds over the summer holidays can take up to five weeks to get back into the swing of learning when school starts again.

With a summer program at Oxford Learning, you ensure that your elementary or secondary school student goes back to school motivated and confident with enhanced skills, ready to learn from day one.

First, Oxford Learning's unique Dynamic Diagnostic Assessment™ pinpoints how your child learns. Then, our individualized program teaches your child to learn more effectively.

This Summer, Mix it Up.

Along with swimming lessons, part-time jobs, and video games, enroll in our program to mix some education into your child's summer's recreation.

Here's Why:

✓ To Catch Up

Oxford Learning can provide an education solution that will increase your child's learning potential, whether the problem is a specific subject, a concept, or a learning skill.

✓ To Get Ahead

Oxford Learning can provide the competitive advantage your child needs to learn and achieve at the peak of his or her capabilities. Because higher grades can be the key to acceptance at leading education facilities, Oxford Learning can play a vital role by helping students maximize their potential.

✓ To Prepare

Whether your child is making the jump from elementary to secondary school, or high school to college or university, you can rest assured your child will achieve better results at each level of education thanks to learning and study skills taught at Oxford Learning.

Little Readers (Ages 3 - 6)

A Head Start to School Success!

Little Readers is an ideal way to introduce your child to the wonderful world of reading and learning. Children enjoy a balance of play, exploration and discovery in a structured environment. Oxford's phonics program uses a combination of songs, books and games to teach sounds and decoding skills. Your child will learn to blend sounds into words. Give your child the foundations for school success.

- ✓ strong reading and writing skills
- ✓ introduction to math and computers
- ✓ fine motor development
- ✓ social development through group work
- ✓ confidence and a life-long love of learning

* SUMMER LITTLE READER CAMPS AVAILABLE

Beyond Tutoring (Grade 1 - 8)

The elementary school program that goes far Beyond Tutoring.
