

About Oxford Learning

Since 1984, Oxford Learning has gone beyond tutoring and helped hundreds of thousands of students to reach their learning potential, not just for one grade or one year, but for a lifetime. Using the science of Cognitive Development, our unique programs teach children how to learn more easily, effectively, efficiently, and permanently, so that the cycle of hiring tutors year after year can finally end. Just a few hours a week can make a world of difference in developing the right skills and habits to succeed, no matter what the challenge, subject, or grade level.

Ages 3-6

Give your preschooler a head start towards school success. Small, half-day classes offer the perfect balance of reading, writing, math, and fun. Little Readers develop a love of learning that will help make the transition into grade school easier for them...and for you.

- ✓ Small, interactive classes
- ✓ Warm & caring environment
- ✓ Enriched curriculum

Grades 1-8

Oxford Learning's unique, individualized programs provide help where it is needed most. The result? Real and lasting improvements in grades, confidence, and self-esteem. In other words—success!

- ✓ Customized programs
- ✓ Regular communication with school & parents
- ✓ Higher grades & increased confidence

Grades 9-12

Give your teen an advantage with an individualized program that begins with a diagnostic assessment pinpointing how he or she learns most effectively. This allows us to create a study program based on a student's personal needs.

- ✓ Get better grades
- ✓ Study more efficiently
- ✓ Write compelling essays
- ✓ Complete homework & assignments on time, every time

SSAT

Oxford Learning Centre Directors

Oxford Learning has been helping students prepare for the SSAT for over 10 years. We invite you to find out more about the test and learn some strategies to help your child succeed.

All Oxford Learning Locations

September 24, 2009 (7 p.m. - 8 p.m.) Danforth, Sept. 23, 2009

Deciphering IEP's

Simmy Zaret
Special Education Teacher

ISTs, SSTs, IEPs, IPRCs; What's It All About? This workshop will provide an overview of the Special Education system in schools throughout Ontario. It will help you better understand your role as you work collaboratively with your child's school to optimize the learning success of your child.

Oxford Learning: Beaches Location

October 29, 2009 (7 p.m. - 9 p.m.)

Having a Learning Disability

Simmy Zaret
Special Education Teacher

So Dis Is Wat it Muxt Be Like! This workshop will dispel the myths and provide a concrete overview of some of the most common learning difficulties faced by so many children today. Through interactive activities and challenges, parents will have the opportunity to experience first-hand what it is like to have a learning disability of their own.

Oxford Learning: High Park Location

November 26, 2009 (7 p.m. - 9 p.m.)

How Girls Learn

Eleanor Moore B.A. M.Ed L.L.D.
Founder and co-principal of The Linden School. 1993-2007

Girls learn differently from boys. They are socialized differently, they develop academically at different rates, and they have classroom experiences that are different from boys. This workshop will help to provide insight into how girls' experiences and knowledge of their world intersect with their learning and how to become capable and confident.

Oxford Learning: Danforth Location

January 7, 2010 (7 p.m. - 8 p.m.)

How Boys Learn

Dr. Michael Leatch
Director of Student Services at Crescent School

A workshop that explores the common differences between the learning styles of boys and girls. We will focus on how we can best assist boys on their academic journeys.

Oxford Learning: Rosedale Location

January 28, 2010 (7 p.m. - 8 p.m.)

The Teenager Tango- It Takes Two!

Michelle Keeley
Teacher and Certified Personal Coach

Take the sting out of power struggles with your teenager. Understand your teenager's behaviour and choose alternatives to many of your self-defeating responses by learning to take a non-reactive approach. Learn how to understand, talk to, support, guide and love your teenager.

Beaches: February 4, 2010 (7 p.m. - 8 p.m.)

Danforth: February 11, 2010 (7 p.m. - 8 p.m.)

High Park: February 19, 2010 (7 p.m. - 8 p.m.)

Rosedale: February 25, 2010 (7 p.m. - 8 p.m.)

ADD/ADHD

Georgina Rayner

An in-depth discussion regarding how ADD/ADHD affects a student's classroom life as well as strategies to help them succeed.

Oxford Learning: Beaches Location

March 25, 2010 (7 p.m. - 8 p.m.)

EQAO's

Hervé Jodouin
PhD Candidate, University of Toronto – OISIE

Points of discussion will include the purpose of the EQAO; what is administered; how the test is scored; who is privy to the results; how long the results stay in the students file; what are the consequences of a 'high' score versus a 'low' score.

Oxford Learning: Danforth Location

April 29, 2010 (7 p.m. - 8 p.m.)

French Immersion

Oxford Learning Centre Directors

Are you considering French Immersion? This workshop will help you make an informed decision about whether this program is right for your child.

All Oxford Learning Locations

May 27, 2010 (7 p.m. - 8 p.m.) Beaches, May 20, 2010

Internet Safety

Steve Chapelle

Street proof your child for the internet. A workshop that helps parents take control and keep their children safe.

Oxford Learning: High Park Location

June 3, 2010 (7 p.m. - 8 p.m.)
