

Oxford Learning Summer Programs

YOUR CHILD NEEDS SUMMER LEARNING. Here's why:

Your child's brain never shuts off, even when on vacation from school! It's always hungry to learn and grow. But when it's not nourished and challenged for a period of time—such as over the summer months—it begins to lose neural connections. All that great information learned during the school year begins to fade away. It gets harder and harder to recall.

That's because a two-month break from learning stalls academic momentum and causes students to regress academically. In fact, summer learning losses are proven to be cumulative—learning losses in elementary school may never be regained and can follow students through high school. Statistics show that by the end of grade five, children who have not participated in summer learning can be as much as 2-3 years behind their peers.

Summer Learning Helps Students Get Ahead

Luckily, it's not all bad news: the backward summer learning slide can be avoided simply by maintaining academic momentum over the summer months. By keeping the brain thinking and learning over the summer, it stays healthy, happy, and on track! Ongoing research into summer learning shows that students who participate in summer classes have an educational advantage over their peers who take the summer off. If you are looking to give your child an academic advantage, there is one sure-fire way to do it: summer learning classes.

Summer learning helps students:

- ✓ Get a head start on next year's subjects
- ✓ Maintain facts and details
- ✓ Keep momentum going
- ✓ Keep math skills sharp
- ✓ Preserve reading abilities
- ✓ Retain habits and routines

Summer Schedule Week 1-8 Camp Weeks July 1st- August 25th

Summer Camp Schedule:

- Week 1: French Week Grade 3 to 7
Under the sea JK to Grade 2
- Week 2: Read and Learn JK to Grade 2
Beat Math Grade 3 to 7
- Week 3: Oxford Learning Week All Grades
- Week 4: French Week Grade 3 to 7
- Week 5: Beat Math Week All Grades
- Week 6: Dinosaur Week JK to Grade 2
- Week 7: Read and Learn JK to Grade 2
- Week 8: French Week

Option 2 Summer Schedule

Grouped instructional hrs to be used at your leisure during the 8 weeks of summer. Oxford curriculum instructed by our teachers in a 3:1 ratio.

1. 20 Instructional hrs. Group rate at \$40 an hr \$800
2. 40 instructional hrs. Group rate at \$35 an hr \$1400
3. 60 instructional hrs. Group rate at \$30 an hr \$1800
