About Our Summer Programs

Oxford Learning's Summer Programs distinguish themselves with their integrated educational, social and themed learning approach. Students benefit from Oxford Learning Centre's world-class curriculum and proven individualized summer programs. Students develop the skills they need to learn and excel, including reading, writing, math, science and other activities that build:

- Self- Esteem
- Confidence
- Love of learning

Let our staff of education specialists assess your child and carefully tailor a program specifically for your child's cognitive and academic needs.

Take Advantage of our Summer Packages!

- more hours = bigger savings!
- more flexible = YOU make your schedule!

You can keep your kid's momentum going. Make this year the best yet with Oxford Learning.

Education meets innovation in our Oxford Learning Centre's Brain Camps. Brain Camps are an enriched experience that explore the local area and environmental themes through engaging activities, field trips, and physical activity.

Oxford Learning Summer Beyond Tutoring and Advantage Programs

The research is clear: kids who take a complete break from learning in the summer fall behind. Help your child stay on track in math. Help your child gain confidence in reading. Help your child stay motivated about school. Help your child continue to accomplish their goals in a fun, encouraging, relaxed and friendly environment.

Assessment/ Registration:

The cognitive assessment identifies the student's strengths and weaknesses and determines which study skills and work habits we need to focus on. It also covers basic skill levels for English or French and identifies any skill gaps.

Cost: English \$250 (reg. \$295)
 French \$275 (reg. \$310)

Pricing and Packages: Summer Beyond Tutoring and Advantage Programs

16 hours.....	\$860.00	\$800.00
25 hours.....	\$1200.00	\$1100.00
75 hours.....	\$2300.00	\$2100.00

*Packages are priced per child, and may not be split or divided between or amongst more than one child.

NEW Booster Week: Busy summer? Our intensive 15-hour Booster Week can help your child catch up or get ahead...in any subject! Our customized programs are great for any age.

Price: \$750 for 15 hours

Urban Designer Lego Camp

July 6th to July 17th
What would it be like if our city was designed by kids? Students become engineers, city planners, and tour guides to their own city. Highlights:

- Build your ideal city
- Be mayor for a day

Junction Arts Camp

July 20th to July 31th
See your neighbourhood in a whole new light. Just bring an adventurous spirit and a creative mind.

- Discover culture and history at every turn
- Work with colours, textures and light

Environmental Explorer Camp

August 4th to August 14th
Dive into the vast and lush Canadian wilderness. Explore the urban jungle for evidence of secret creatures and hike through some provincial parks. Highlights include:

- Field trip to the Evergreen Brickworks
- Eco-art and eco-music
- Planting and cooking

Around the World Camp

August 17th to August 28nd
Visit the world's wonders, travel through history, delve into different cultures...all without leaving High Park.

- Scientific look at natural phenomena
- Delve deep into Earth's surface
- Create a modern day art market

Camp Prices:

1 week.....	\$ 350.00
2 weeks*	\$ 600.00
4 weeks*	\$ 1150.00

* Do not need to be in succession

Programs:

Early Reading Programs

Reading is the most critical learning skill. Research shows that early readers achieve more—in school and life. This summer is the perfect time to get your junior student started reading. Most JK and SK programs focus on play; our unique curriculum blends phonics and reading comprehension skills.

Catch Up or Get Ahead Programs

With school out for the summer, there's plenty of time to really dig into trouble areas and get ahead. Our individually customized programs ensure each student gets exactly the right attention in exactly the right area. All grades, ages, and subjects.

French Programs

Every student takes French. Whether it's introductory classes, immersion, or French First Language, Oxford Learning's summer program will help your child improve his or her French skills. Turn "Je ne sais pas" into "O-là-là" at Oxford Learning.

Math Programs

Math skills drop the most in the summer. Declining test scores, comprehension issues, skill gaps, and the summer learning slide can add up to disastrous consequences. This summer, stop the summer brain drain and get ahead in math. All ages, and grades.

20-Hour Study Skills Programs

Most students are never shown how to study properly, which can cause stress. When test time rolls around, students put off studying because they don't know where or how to begin. With the right tips and techniques, studying becomes stress-free.

SAT, ACT & SSAT Prep Programs

Whether SAT, ACT, or SSAT, entrance exams require quality preparation. To get high scores and gain admission, students need the right skills and the confidence that comes from choosing the perfect program.
